

Practical support for your club.

Software, websites, equipment and advice for clubs, charities and community venues.

Helping the people who keep the club running. Illustrative lawn bowls image.

Choose the help you need, from a single website to support across your organisation. We aim for the lowest practical cost.

MBCCM tournament manager

Entries, draws, scoring and a clubhouse audience display. Local operation with a perpetual core-app licence.

Websites & hosting

Affordable website creation and hosting to give your club a useful, accessible online home.

Microsoft & Google

Help accessing free or discounted nonprofit licensing and setting up the tools your organisation needs.

Member, venue & event systems

Affordable systems configured around your organisation's administration, activities and responsibilities.

Data protection & safeguarding

Practical advice, a data-protection contact and, where suitable, an external DPO service.

Payments, EPOS & equipment

Charity and nonprofit payment options, plus help sourcing suitable computers, displays and AV systems.

Every service is available independently

You do not need MBCCM to use any of our other services. Discounts are available when we provide more than one service; the mix need not include MBCCM.

MBCCM | tournament management

My Bowling Club Competition Manager, based on ShowDeck's live-event approach.

Prepare the competition

Member, guest and visitor register; advance entries; singles or complete pairs; round-robin, sections and knockout draws.

Run the day

Separate check-in, end-by-end or final-result scoring, leg and break controls, and recorded changes when plans change.

Inform the clubhouse

A second local screen shows arrivals, games, results, standings, announcements and break information.

Keep the record

Save and resume started events. Export club backups and print allocations, run sheets and four-up scorecards.

Setup for your venue

Included	Details
Implementation	Consultancy, configuration, training and practical support within an agreed scope.
Core-app licence	Perpetual venue licence included free with implementation. No recurring core-app licence charge.
Introductory setup fee	£100, normally £250. Any applicable VAT is confirmed in the written quote.
Equipment	Club-supplied Windows laptop and projector or second screen. Optional sourcing and AV work quoted separately.

Works locally, with your club in control

The core app runs without a Google account or internet during play. There is no DRM or routine licence-validity check for general core use, and no obligation to buy another service.

Current release: singles and pairs. Google sync, delegated roles, triples and cross-club functionality are future work. Season competitions currently require all entrants to be checked in at first start; agree a suitable workflow with us. Rehearse on your equipment. The app is not certified by a bowls governing body.

Support terms: software, training and support carry no warranty or SLA, including no guaranteed response time or uptime. A perpetual core licence does not include every future module or third-party service. Rights that cannot lawfully be excluded remain unaffected.

Choose your services.

Available on their own or together. MBCCM is not a prerequisite.

Website creation

A website for your club, charity or venue, scoped around the information and services you want to provide.

Very low-cost options; scope agreed before work.

Web hosting

Low-cost hosting for your organisation's website, with the service and any ongoing charges explained in advance.

Available without website creation or MBCCM.

Microsoft & Google licensing

Eligibility checks, applications and setup for free or discounted nonprofit productivity tools.

Provider approval and eligible-user rules apply; not every member qualifies. [1, 2]

Member, venue & event systems

Affordable management tools configured around membership, venue and event administration, privacy and governance.

Helps meet your responsibilities; no blanket compliance guarantee.

Data protection & DPO

A data-protection contact for supported organisations; a formally appointed external DPO service where suitable.

Independence and conflicts assessed. Your organisation retains its duties. [3]

Safeguarding & compliance

Advice on safeguarding, policies and organisational responsibilities, with specialist input where needed.

Trustees and the club retain responsibility for safeguarding. [4]

Card payments & EPOS

Payment and point-of-sale options at charity or nonprofit rates. Eligible charities can access zero-fee fundraising routes.

Donation and own-event ticket conditions are on page 4. [5]

Hardware & AV sourcing

Help procuring suitable computers, displays, projectors and AV systems, aiming for the minimum practical cost.

Use existing suitable equipment; purchases quoted separately.

More than one service? Ask about a discount.

Choose the combination that suits your organisation. We will set out the work, any recurring costs and the available discount in one clear proposal.

Fair terms. Practical help.

Community support, with clear costs and no unnecessary commitments.

If funding is tight, talk to us

This provision is about supporting local clubs and charities, not maximising profit. We help free where possible, and can reduce or waive implementation fees where there is real need. Fair contributions from those who can pay sustain help for others.

MBCCM: future cross-club eligibility

Your venue	When cross-club functionality is available
Implementation paid, or licence explicitly gifted	Eligible for future cross-club functionality, subject to its service terms. Agree reduced or gifted arrangements with us so they are recognised.
No paid implementation or gifted licence	The full £250 implementation and licensing fee is required before future cross-club access. Ordinary core use is not switched off.

Cross-club functionality is planned, not available in RC1. These software terms are separate from discounts for using several of our services; those combinations need not include MBCCM.

Zero-fee fundraising: where it applies

Eligible registered charities can access **0% transaction-fee options for donations and tickets to events they host**. Provider approval, activity and account conditions apply. This does not cover every bar, shop or card-terminal payment. We explain optional supporter contributions, hardware costs and any other charges before you commit. [5]

Tell us what your organisation needs

hello@charit.info | lawnbowling.club

Tell **charIT / everwished** about your club, the help you need and your budget. We will confirm scope, costs, any VAT, support terms and available discounts before you decide.

Provider eligibility and guidance, checked 9 September 2026

[1] Microsoft nonprofit eligibility and UK offers. [2] Google UK eligibility and Workspace offers. [3] ICO: data protection officers. [4] OSCR: safeguarding duties. [5] Zeffy UK zero-fee ticketing example and eligibility. Provider offers can change. Zeffy is an example, not a claimed partnership or a commitment to that provider.
